- There are some question about I did not understand.
- Very good
- I rent a unit with the section 8 voucher, the garage has a remote but sometimes it works and sometimes it doesn't and the door is old and heavy. The automatic garage door opener/tracking is too weak to open the garage door. The neighbor came to help but could not repair it. Suggested to owner to replace it with a new one and the owner didn't agree to it. The owner said "if I replace it with a new one, you pay 50% of the cost of the door." This is not my house so why should I pay 50% of the repair cost, I didn't break it. Also, I'm 82 years old, where I get the money to pay for 50% and when I pay for it I cannot take it with me when I move. Request owner to repair if the rental did not break it and it broke by itself. Is my situation falls into the category of the rich has money to buy a house and then suppress the poor to collect more money from the poor? My neighbor, his garage door is just as old as mine, suddenly it broke into half, the owner told him he has to pay for 50% of the repair cost, what is this law? I would like to ask because I'm insignificant and don't know where to ask. Please explain to me.

- I wish to receive the answers from the official when leaving the message.
- Should transfer file of people who don't speak English to their native speaker so there's no translation need at interview.
- The apt complex where I live, there are those who have housing assistance and also babysit. This is not fair for those who work and have to pay taxes. There are people who receive SSI benefit due to disability but they also babysit in their home. Please send out inspection/worker to investigate. Contact the landlord or manager to get this information. I'm reporting the truth.
- I hope that SAHA will continue to provide assistance to people that needed.
